**Our programme for the success
of your tasks**

Sheet overview

KÖMMERLING®

Business Unit Sheets

A brand of the profine Group

Passion,

Precision and the claim of being better

The name KÖMMERLING is known all over the world. Since it was founded in 1897, this traditional company has been steering a course of constant progress. As one of the successful brands in the large profine Group, the KÖMMERLING Business Unit Sheets offers a comprehensive range of PVC sheets for the most diverse applications.

For instance, the top quality and impressive properties of our sheets are greatly appreciated in the advertising, stand design, building, and industrial sectors. Thanks to their long life, easy care, and vast potential, KÖMMERLING sheets have made an indelible mark on the sector. The KÖMMERLING Business Unit Sheets and its extensive portfolio simply deserve to lead this segment. KÖMMERLING and its products enjoy a high repute among customers, not only because of their product quality or extensive range. What drives us is our pursuit of "the better". This spirit can be felt at all of our divisions. It is our daily motivation to go new ways with our customers and to surprise the market with new products, systems, services, and sales channels. Always endeavouring to keep on the

move, to make the good even better, and by doing so to safeguard its customers' sustainable success. **We call this quite simply the "EVER BETTER PRINCIPLE".**

Hallmarks:
Highest quality, versatile services, and great expertise in PVC sheet production – the following profine sheets have been awarded the pro-K quality seal: KömaCel, KömaTex, KömaPrint, KömaDur, and KömaDeco.

Quality you can sense

For many decades, KÖMMERLING has been synonymous with outstanding quality. This is based on our constant endeavours to offer new possibilities with new ideas and pioneering technology and hence to set new standards. Our customers benefit from this in the form of an extensive range that fulfils every wish and offers an ideal solution for all requirements. Hence quality at KÖMMERLING is not an empty promise, but a claim that is lived and breathed, examined every day, and constantly improved to become an attribute you can sense.

With a clear conscience

To us, sustainability means the attentive handling of the markets' and our customers' needs. Accordingly we assign a central role not only to ecology, but also to economic aspects. Supported by our sustainability principles, we create new opportunities for our customers. All KÖMMERLING sheets are characterised by an effective CO_2 balance. Our goal is to provide our customers with perfected ecological and cost effective solutions that create trust sensibly and responsibly – with a clear conscience.

You have the tasks. We the range.

KÖMACEL®

The universal integral skinfoam sheet for advertising, building, and industry

This owes its unique product properties to the strong, solid cover sheet combined with a celled core of the same material. KömaCel is the world's Number One in Celuka extrusion.

The surface of the strong, smooth outer cover lends the sheet its silky gloss effect. It is therefore ideal for screen printing and lamination. Thanks to its good thermal and sound insulation values, it is also a familiar sight in the industrial and building sectors.

▪ The applications

Advertising sector:
– Signs
– Banners
– Inscription panels
– Displays
– Shop window decorations
– Large lettering
– Exhibition and showroom stands

Building sector:
– Shop design
– Interior finishing
– Wet rooms
– Cladding
– Roller shutter boxes
– Opaque panel infills
– Door and window elements

Other:
– Model building
– Furniture industry
– Structured parts
– Photo lamination
– Traffic signs for construction sites
– Chemical and laboratory areas
– Ship, container, and vehicle interior fittings

▪ The features

- Very good for bonding
- Good printing qualities
- Good for laminating
- Good for painting
- Simple processing
- Good acoustic insulation

- Good sound insulation
- Low thermal conductivity
- Very good flexural strength
- Chemical and corrosion resistant
- Flame resistant (up to 10 mm thick)
- Weatherproof and weather resistant

- Low water absorption
- Moisture resistant
- No swelling
- 100 % recyclable

Hallmarks:
Highest quality, versatile services, and great expertise in PVC sheet production.

Special lengths and other formats with protective film on request.
Every thickness is packaged in small cardboard units.
* Sheets with protective film available only on complete pallets.

Consistency:
– Surface with silky gloss finish
– Solid, closed, smooth outer cover
– Fine-celled foam structure
– Homogeneous, moulded-in colour
KÖMATEX®

The multiflexible free skinfoam sheet for advertising

The closed-cell, matt, finely structured, and therefore strong surface of KömaTex PVC free skinfoam sheet presents an optimal substrate for printing, painting, and laminating and is very easy to process and flame resistant to boot.

All this presents the best conditions for a great many applications – above all in advertising. In the colour White 662 (similar to RAL 9003), the sheets are weatherproof and weather resistant, and therefore suitable for outdoor applications as well.

The applications

Advertising sector:
– Signs
– Banners
– Inscription panels
– Displays
– Shop window decorations
– Exhibition and showroom stands
– Digital printing
– Photo lamination

Building sector:
– Shop design
– Interior finishing
– Model building
– Traffic signs for construction sites

The features

- Uniformly and finely structured surface
- Fine-celled foam structure
- Good surface strength
- Excellent printing qualities
- Good for laminating
- Very good for bonding
- Ideal for punching work
- Simple processing
- Lightweight
- Flame resistant
- Thermoformable
- Chemical and corrosion resistant
- Weatherproof and weather resistant (colour White 662)
- Low water absorption
- Low thermal conductivity
- 100 % recyclable

The colour White 662 is especially suitable for outdoors. Colour PVC sheets are not UV and weather resistant over protracted periods. The colours are suitable for indoors only.
KÖMAPRINT®

The innovative sheet for the best printing results

With KömaPrint, the printing and display manufac-
turing industries are given an innovative PVC
material that is the ideal solution for all material
property requirements.

The shining white sheet (similar to RAL 9003) and its finely
textured surface promote an outstanding printed image. This
stable, lightweight, yet moisture resistant sheet is also and
equally suitable for indoor and outdoor applications.

KÖMADUR®

The PVC-U sheet system for virtually all areas

Available in five variants, the KömaDur PVC-U sheet system fulfils even the most exotic requirements and is therefore an interesting solution for a great many applications and fields.

Thanks to their wide range of material properties and simple manufacture, the KömaDur variants are ideal for both indoor and outdoor applications – whether in the chemical industry, the building sector, electrical engineering, exhibitions, or advertising.

■ The applications

Advertising sector:
– Signs
– Displays
– Banners
– Inscription panels
– Exhibition and showroom stands
– Shop window decorations
– Digital printing

Building sector:
– Shop and interior finishing
– Zone of high humidity
– Air conditioning and ventilation elements
– Sandwich elements for wall and door panelling
– Cladding and panelling

Other:
– Deep drawn parts
– Machine building
– Apparatus and tank construction
– Electroplating technology
– Chemical and laboratory engineering
– Accumulators
– Photo industry

■ The features

- Surface smooth glossy or matt on one side
- Very good for printing (KömaDur D)
- Weatherproof and weather resistant

- Various white hues and colours as well as dark and light grey
- Good for laminating (KömaDur D)
- Protective film on one side

- Normal to increased impact resistance
- Very good for bonding
- 100 % recyclable

- Deep drawing properties
- Flame resistant

- Suitable for welding
- Chemical and corrosion resistant

KÖMA ALU ®

The aluminium composite sheet for indoor and outdoor applications

long-lived
scroll work
printing

KömaAlu is an innovation composite material consisting of aluminium covers and a polyethylene core bonded together to form a resilient unit. The aluminium covers are then enamelled with a polyester paint system (coil coating).

The result is a lightweight, yet extremely durable and bend-resistant aluminium composite sheet. These outstanding product properties make KömaAlu composite sheets the ideal material for indoor and outdoor applications.

KÖMASTEEL®

The hard, bend-resistant steel composite sheet for a wide range of applications

KömaSteel is an extremely bend-resistant steel composite sheet consisting of a polyethylene core sandwiched between two enamelled steel cover sheets.

Thanks to its ferromagnetic properties and its extremely hard and impervious surface, KömaSteel is the ideal sheet for a great many applications in the advertising and building sectors, e.g. perimeter board advertising, machine cladding, etc.

The applications

Advertising sector:
– Displays
– Labelling systems
– Perimeter board advertising

Building sector:
– Machine cladding
– Balcony sheets

The features

For internal and external applications

High bending strength

Hard and robust surface

Ferromagnetic (for magnetic film, especially whiteboard film)

Excellent digital printability

100 % recyclable

Punchable

Delivery programme

Dimensions (mm)	Colours
3050 x 1220 x 2	Matt white / matt white
3050 x 1220 x 3	Matt white / matt white

Transportation, storage and handling

KömaSteel is available in the colour white matt. The panels are delivered with a protective foil that prevents damages to the decorative surfaces during transportation, storage and handling. Nevertheless, the composite panels need to be handled with care. Please keep the following suggestions in mind.

◾ Technical data

KÖMA**FOAM**®

The lightweight sandwich sheet for great design potential

This lightweight sandwich sheet consists of an XPS core between two outer coats. Although lightweight, it exhibits a convincingly high strength, and its wide range of surfaces, thicknesses, and sizes make it ideal for universal applications.

KömaFoam is therefore suitable for a wide range of applications, e.g. lining, picture framing, POS displays, indoor signs, digital and screen printing, and design work.

The applications

– Picture framing
– Lining
– Printing
– Lettering
– Displays

– Signs
– Design work
– Exhibition signs
– Digital printing
– Model building

Qualities

KömaFoam | Standard
Lightweight sheet with white foamed polystyrene core, matt white painted

KömaFoam | Flat New
Lightweight panel with white polystyrene foam core covered with white plastic-coated, coronatreated

KömaFoam | Adhesive
Lightweight sheet with white foamed polystyrene core, plastic-coated on one side, self adhesive on the other side

KömaFoam | Art
Lightweight foam board with a polystyrene core and high-grade, textured cover layers on both sides

The features

Textured or matt white surface

Good flexural strength

Moisture-resistant

Very good for printing

Very good dimensional stability

Quick to format

Easy to cut

pH neutral surface

Sheet ready for lamination

Ideal for punching work

Simple processing

Good for lamination

Consistency:
– Sandwich sheet with foam core
– Outer coat on both sides
– Very light weight
– Ideal for design work

KÖMADECO®

The PVC sheet with woodgrain laminate

KömaDeco presents a convincing combination of extraordinary design and functionality. Presenting a finely textured surface, KömaDeco presents a fascinating play of light and shadow, and yet is extremely resistant to mechanical effects and the action of light.

With its laminated sheet on one or both sides, KömaDeco is the ideal indoor material and is therefore used in exhibitions, shops, and door, wall and ceiling cladding.

The applications

– Trays
– Ceiling and wall cladding
– Door panelling
– Interior doors
– Partition walls
– Wall cabinets
– Exhibition and shop design
– Decorations
– Sandwich elements

Hallmarks: Highest quality, versatile services, and great expertise in PVC sheet production.

PVC-SHEET QUALITY Made in Germany

The features

- For indoor use only
- Laminated on one or both sides
- Various surfaces possible
- Combines KömaCel sheets with the advantages of PVC colour laminates
- Very low water absorption
- Good flexural strength
- Chemical and corrosion resistant
- Resistant to household and industrial cleaners
- Very good for bonding
- Good acoustic insulation
- 100 % recyclable

Sheets are packaged in cardboard boxes. Protective film on both sides.

Quality

that is at home everywhere

KÖMMERLING is a successful brand under the umbrella of the owner-operated profine Group. For instance, the KÖMMERLING Business Unit Sheets is also committed to the quality claim that is lived and breathed throughout the Group. This is joined by joint power of innovation, high customer orientation, and – not least of all – responsibility to personnel and customers.

This recipe for success has made the KÖMMERLING Business Unit Sheets and the Group a familiar name for twenty million satisfied customers in over fifty countries worldwide. This is because we see sheets not only as engineering products that must satisfy the highest precision criteria, but also as the solutions they offer our customers. For this reason, all of our experience and all of our passion is put into every product and every system from the KÖMMERLING Business Unit Sheets.

> "Thanks to our fast response times and our optimised, binding order processing operations, our customers can count on us."

Service that creates trust

In this respect, we see KÖMMERLING Business Unit Sheets and therefore profine not only as a supplier of high quality products, but also as an experienced provider of end-to-end solutions and a wide range of services. Accordingly, we are in close contact with our customers and so are fully familiar with their needs on the market. These include, for instance, the wish for smaller packaging units and faster availability. Supported by this array of quality, experience, advice, a fast delivery service, and appealing prices, we help you to find the optimal solution for your tasks. We'll also be pleased to advise you in the manufacture and optimal application of our sheets.

Trust needs the right partner.
